Enterprise RAG Document Assistant - Sample Manual

1. Introduction

This sample manual is created for testing document upload, text extraction, metadata storage, and later RAG retrieval.

2. Product Overview

The Enterprise RAG Document Assistant allows users to upload company documents and ask questions based on their content.

3. Warranty Information

The standard warranty period for the sample product is 24 months from the date of purchase.

4. Maintenance Schedule

Recommended preventive maintenance should be performed every 30,000 km or once every 12 months, whichever occurs first.

5. Support

For support requests, users should contact the internal service desk and include the product serial number and a short description of the issue.
